1. Send at least 15, no more than 30 items. You can use your old clothes, tee shirts, handkerchiefs, swim trunks, etc. Keep in mind that the quilt squares will vary in size from six to sixteen inches. Smaller items, such as ties, will be applied onto a fabric square. If you want to use a "favorite" shirt for the center mark it with a piece of masking tape.

2. Pick 3 colors. The first would serve as an accent fabric on the front of the quilt as a background or frame for smaller clothing blocks. The second color is the border and edge binding. The back of the quilt is the third fabric. You could use a patterned fabric to reflect a hobby, sport, decorating theme or other interest.
